Study Page — Content Requirement Sheet

Based on the approved low-fidelity wireframe: study.html

Prepared for: Uva Wellassa University — Faculty of Management | Document Date: 30 June 2026

The Study Page is the Faculty's full programme catalogue, organised by level: Undergraduate, Postgraduate, Diploma, Certificate, and Short Courses. This sheet lists every piece of real content needed to replace the wireframe's placeholder content, section by section. Per your instruction, the footer is not included in this document.

Items highlighted in red below need particular attention — in this case, a few numbers shown in different places on the page don't currently agree with each other, so please confirm the correct figures. Image requirements are consolidated in a checklist at the end of this document.
