Life at FOM Page — Content Requirement Sheet

Based on the approved low-fidelity wireframe: life-at-fom.html

Prepared for: Uva Wellassa University — Faculty of Management | Document Date: 30 June 2026

Life at FOM is the Faculty's largest single page, covering activities, clubs, facilities, student life, support services, awards, the plagiarism policy, and a photo gallery. This sheet lists every piece of real content needed to replace the wireframe's placeholder content, organised to match the page's 8-tab sticky navigation. Per your instruction, the footer is not included in this document (the Contact Strip immediately above the footer is kept, as it is a separate content block).

Items highlighted in red below need particular attention — either because a placeholder pattern repeats across many items (e.g. every club's founding year), or because something shown doesn't line up with the rest of the page. Image requirements are consolidated in a checklist at the end of this document.
